## Observing and Forecasting the Ocean

*One congress - Three events*

<b>OSTST Meeting</b> <b>GODAE Final Symposium</b> <b>IDS Workshop</b>	<b>10 - 15 November 2008</b> <b>Nice, Palais des Congrès Acropolis, France</b>
---	---

collocate their events to allow scientists of different backgrounds to communicate and to share their experience across different fields of research.

### OSTST Meeting

The annual Ocean Surface Topography Science Team meeting (**10-12 November 2008**), will gather for the first time the new Pls and Co-Is selected by CNES and NASA in 2008. This meeting, held just a few months after the launch of the OSTM/Jason-2 satellite (scheduled for mid-June 2008), will be mainly dedicated to the preliminary analysis of the post-launch CalVal results and of the on-orbit mission performances.

### GODAE Final Symposium

The Final GODAE Symposium (**12-15 November 2008**) will provide an opportunity to review the key achievements of the last 10 years, to celebrate the outstanding successes, to critically examine the outcomes, and to discuss the future of operational ocean analysis and forecasting and proposals for its international coordination.

### IDS Workshop

The International DORIS Service (IDS) workshop will be held on **12-14 November 2008**. The purpose of this workshop is to get representatives from all DORIS groups together to share information about the network, data, products, inter-comparisons, developments and scientific results in all aspects of DORIS.

# Observing and Forecasting the Ocean

## ➔ Co-chairs:

- S. Coutin-Faye, CNES and Y. Menard, OSTST

## ➔ Organization committee

- E. Thouvenot, CNES
- A.M. Laborde, CNES
- N. Bellefond, CNES
- K. Wilmer-Becker, GODAE
- M. Bell, GODAE
- P.Y. Le Traon, GODAE
- G. Tavernier, IDS
- L. Soudarin, IDS
- D. Brault, Carte Blanche
- C. Leroy, Carte Blanche
- A. Thabaud, Carte Blanche

# IDS Workshop

## ➔ Scientific committee

- F. Lemoine (chair)
- H. Fagard
- C. Noll
- J. Ries
- L. Soudarin
- G. Tavernier
- J.-J. Valette
- P. Willis
- R. Noomen

# IDS Workshop

## ➔ Management site (Scientific committee)

- Statistics
- List of identified and/or registered persons
- List of abstracts & abstracts (pdf or Word)

## ➔ How?

- Scientific committee member should create personal space on the website
- Registration or abstract submission

# Possible programme

- ➔ **System: satellites, network, system improvements, new data format, future missions**
- ➔ **IDS: organization, analysis coordination, analysis centers, data centers and data flow**
- ➔ **Geodesy, Reference frame, Earth's rotation**
- ➔ **Precise Orbit Determination**
- ➔ **Geophysics, atmospheric sciences (troposphere and ionosphere)**
- ➔ **new DORIS applications & products**

# IDS Workshop

- ➔ **Abstract submission: open**
- ➔ **On-line registration: available**
  - **create personal space on the website: name and contact details**
  - **personal access code by email**
  - **template can be uploaded from the site**
  - 
  - **Deadline: Friday 26 September 2008**
  - **acceptance of abstracts notified 2nd of October 2008**
- ➔ **DORISMail?**
