IDS - International DORIS Service

Karine Le Bail, Frank Lemoine, Cécile Manfredi, Guilhem Moreaux, Laurent Soudarin, Jérôme Saunier
GGOS Days 2026 - October 6, 2026

Coordination and Scientific Activities

Meetings

DORIS Analysis Working Group

- 24 March 2025 - Virtual
- 6-7 November 2025 - Athens, Greece
- Combination Center, Analysis Centres and Associate Analysis Centres

IDS Governing Board

- February 2025 to March 2026 - 7 Virtual meetings
- 25 June 2026 - Wiesbaden, Germany

IDS Workshop

- 23-24 June 2026 - Wiesbaden, Germany
- Held in conjunction with the 2026 OSTST meeting “Continued, enhanced altimetry and climate monitoring from space”

Working groups

Integrated clock corrections for DORIS

Chair: Patrick Schreiner (GFZ, Germany). Since June 2024

NRT ionospheric application

Chair: Ningbo Wang (AIR/CAS, China). Since Nov. 2024.

DORIS data for 9 missions available in <3 hours. Products: dSTEC

Tropospheric Products

Chair: Samuel Nahmani (IGN/IPGP, France). Since June 2026

Outreach

Chair/Co-chair: Maria Tsakiri (NTUA, Greece) and Karine Le Bail (Chalmers University of Technology, Sweden). In preparation

Genesis

- ***ESA Genesis DORIS Working Group (WG4)***

Chair: Guilhem Moreaux (CLS, France)

- ***IAG WG on Genesis (joint with IERS and GGOS)***

Members: Alexandre Couhert (CNES, France) and Arnaud Pollet (IGN/IPGP, France)
